MORRISSEY

CONSTRUCTION COMPANY

A Tradition of Trust, Since 1954

Morrissey Construction Company specializes in the historical renovation of buildings all across the nation. Our restorations blend modern details and energy efficiency to the architectural style and history of each project.

We are a general contracting firm specializing in housing, educational, restaurant, retail and commercial construction. For over 50 years we have delivered top quality projects on time and within budget.

From inception to occupancy, we are the go-to company for full range construction services. We combine equal amounts of construction management, traditional general construction services, and creativity when taking on a project. Building in this mindset allows us to maintain competitiveness, versatility, and control all the while keeping current with building trends.
